Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-8 invention is allowed because the prior art of record does not teach or fairly suggest a glow plug and a method of manufacturing the glow plug comprising a combustion pressure sensor having a piezoelectric element held between the inward protrusion of the housing and the outward protrusion of the central electrode, and the center electrode being electrically connected at the front electrode end portion with the heater and mechanically connected with the sheath;

Claims 9-10 are allowed because the prior art of record does not teach or fairly suggest a glow plug comprising a cylindrical housing having front and rear portions, a threaded portion, formed between the front end and rear end portions for screwing the glow plug into a plug hole of the engine and a sealing portion formed on a front end of the threaded portion, a sheath having a front sheath end portion projecting from the housing and a rear sheath end portion airtightly fixed in the front end portion of the housing; a center electrode being electrically connected with the heater and mechanically connected with the sheath, and a combustion pressure sensor including a piezoelectric element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
